From a Leader in Asia to a Global Powerhouse

**Research Activities**

- **First in Korea**
  - Undergraduate students without parallel: SNU only accepts the very top-ranking high school seniors, based on their school grades and results from the highly competitive National University Exam. On average, students score in the top 3% of their graduating classes.

- **Global Competitiveness**
  - SNU is ranked 8th in engineering and 18th in the natural sciences in terms of published faculty research by the Times Higher Education World University Rankings.

- **International Partnerships**
  - Academic collaboration with the top universities in Europe, Asia, and the Americas ensures that SNU students study with the best in Korea and the rest of the world.
  - In partnership with top European business school ESCP (Centro Studi E฀Busine฀s Scolericinessi a Commerciaal), SNU creates a joint MBA through the College of Business Administration with a double degree program in business and law.

**SNU’s Yearly Ranking in the World by Number of SCI Publications**

**Colleges**

- **College of Agriculture and Life Sciences**
  - The College of Agriculture and Life Sciences boasts a long tradition of teaching and research in the life sciences and the environment. It provides cutting-edge research related to bioengineering and environmental sciences.

- **College of Business Administration**
  - The College of Business Administration aims to educate students who are not only academically competent and professional but also possess the necessary qualities of a business leader.

- **College of Education**
  - The College of Education is both a teaching and research institution. It trains middle school teachers and provides a variety of programs and services.

- **College of Engineering**
  - The College of Engineering is committed to training engineers and professionals who will be instrumental in introducing new technologies and technological innovation in all areas of engineering.

- **College of Law**
  - The College of Law, which started out as the National Legal Training Center over a hundred years ago, has produced many prominent figures in modern Korean history. Many alumni hold leading roles not only in the absence but also in the fields of politics and business.

- **College of Medicine**
  - The College of Medicine is the oldest of the 15 medical colleges at SNU, and it is renowned for its excellence in medical research.

- **College of Natural Sciences**
  - The College of Natural Sciences boasts a world-class educational system and comprehensive research. Many faculty members are recognized for their excellence in research.

**Where Tradition and Innovation Meet**

College of Agriculture and Life Sciences

The College of Agriculture and Life Sciences boasts a long tradition of teaching and research in the life sciences and the environment. It provides cutting-edge research related to bioengineering and environmental sciences.

- **Agriculture Economics and Natural Resources Management**
- **Agricultural Biology and Biotechnology**
- **Agriculture and Environmental Science**
- **Aquaculture and Aquacultural Engineering**
- **Animal Science and Biotechnology**
- **Agricultural Education**
- **Agricultural Engineering**
- **Postharvest Animal Biotechnology**
- **Forest Sciences**
- **Environment Protection and Forest Sciences**
- **Forest Sciences**

College of Business Administration

The College of Business Administration aims to educate students who are not only academically competent and professional but also possess the necessary qualities of a business leader.

- **Business Administration**
- **Finance**
- **International Business**
- **Management**
- **Marketing**
- **Strategy**

College of Education

The College of Education is both a teaching and research institution. It trains middle school teachers and provides a variety of programs and services.

- **Education**
- **English Education**
- **Mathematics Education**
- **Music Education**
- **Physical Education**
- **Physics Education**

College of Engineering

The College of Engineering is committed to training engineers and professionals who will be instrumental in introducing new technologies and technological innovation in all areas of engineering.

- **Architecture**
- **Chemical and Biotechnology**
- **Civil and Environmental Engineering**
- **Chemical Engineering**
- **Civil Engineering**
- **Electrical and Computer Engineering**
- **Industrial Engineering**
- **Robotics and Automation**
- **Information and Computing Engineering**
- **Nuclear Engineering**

College of Fine Arts

The College of Fine Arts provides training in both theory and practice in the fine arts. It is aimed at nurturing creative artists and professionals.

- **Art and Design**
- **Dance**
- **Graphic Design**
- **Photography**

College of Human Ecology

The College of Human Ecology has been responsible for teaching and conducting research in the fields of family and social sciences.

- **Family and Consumer Studies**
- **Health and Recreation**
- **Human Resource Management**
- **Business Administration**
- **Health Education**
- **Nutrition and Dietetics**
- **Psychology**
- **Social Work**

College of Humanities

The College of Humanities at SNU is dedicated to teaching and training advanced research in the humanities.

- **English Language and Literature**
- **History**
- **Japanese Language and Literature**
- **Korean Literature**
- **Religion and Theology**

College of Liberal Arts

The College of Liberal Arts offers a wide range of majors and minors in the humanities.

- **Art and Design**
- **Dance**
- **Drama**
- **Film and Media Studies**
- **Music**
- **Theater and Performing Arts**

College of Natural Sciences

The College of Natural Sciences offers a world-class educational system and comprehensive research. Many faculty members are recognized for their excellence in research.

- **Aerospace Science and Engineering**
- **Biomedical Engineering**
- **Chemistry**
- **Computer Science and Engineering**
- **Earth Systems Science and Engineering**
- **Environmental Science and Engineering**
- **Geology**
- **Mathematics**
- **Physics**
- **Statistics**

College of Nursing

The College of Nursing is dedicated to preparing professional nurses who can help maintain public health, aid in the prevention of disease, and support the recovery and rehabilitation of patients.

- **Nursing**

College of Pharmacy

The College of Pharmacy focuses on training future pharmacists and pharmaceutical professionals.

- **Pharmacology**
- **Pharmaceutics**
- **Pharmacy**

College of Social Sciences

The College of Social Sciences offers a wide range of majors and concentrations in the social sciences.

- **Anthropology**
- **Economics**
- **Geography**
- **History**
- **International Relations**
- **Political Science**
- **Psychology**
- **Social Work**

College of Veterinary Medicine

The College of Veterinary Medicine aims to provide students with the knowledge and skills necessary for a career in veterinary medicine.

- **Animal Science**
- **Biochemistry**
- **Biophysics**
- **Biotechnology**
- **Cell Biology**
- **Chemistry**
- **Clinical Laboratory Science**
- **Dentistry**
- **Environmental Science**
- **Microbiology**

College of Dentistry

The College of Dentistry offers undergraduate, graduate, and continuing education programs in dentistry.
Step into a World of Opportunities

Study Abroad

SNU has exchange agreements with over 350 universities in 50 countries around the world. Students may apply to study at any of these universities either as exchange or visiting students. In addition, they may participate in any of the following summer programs during their enrollment at SNU.

Area in Today’s World Programs

SNU students may take summer courses in Asian Studies at Kyushu University in Japan. Students do not need to be majors in Asian Studies in order to apply.

APRI (Association of Pacific Rim Universities)

Students may visit three credits taking summer courses at APRI. Association of Pacific Rim Universities member institutions.

Harvard-Pohang Program (Harvard University)

The Harvard-Pohang Institute provides research funding for doctoral students and faculty members nominated by SNL.

Seoul-Tokyo-Fukuoka International Summer Seminars

Students selected from Korea, Japan, and China spend one week in SNL, one week in Waseda University and one week in Pohang University, participating in seminars on political and economic issues and field trips for three weeks in total.

Seoul National University International Summer

International Exchange Program

SNL offers the chance to take summer courses while learning the language through language classes at Seoul or York University during the summer break. Approximately 100 students participate in this program each year. Elective SNL students may take regular summer courses at York University. At Stanford University, SNL students may participate in extracurricular activities together with Stanford students.

Work Abroad

SNL also provides students with the opportunity to work overseas and improve their competitiveness in the global market. The following are two popular internship programs.

Global Talent Program

The Seoul Creative Development Center (COC) provides undergraduate and graduate students with the opportunity to apply their academic knowledge in the global work environment. The COC provides development training to selected students, helping them learn and acquire internship opportunities abroad. It also provides students with Global Talent Awards to help students meet their expenses incurred during overseas internships.

Korean Leadership Program

The Korean American Young Leaders Movement, Inc., is a nonprofit organization in the US, which selects talented Korean University students to Korean Americans to help them develop into international leaders around the world. The Washington Leadership Program offers a systematic leadership training program during the summer months. SNL provides tuition fees for the education of corps members.
